

# I Am Greene County

**Hometown:**  
Ash Grove

**What do you like best about what you do:** I like being outside, and I've enjoyed being able to reap what I sow. And I see my mom, my dad and my 92-year-old grandpa. I can take my kids with me; it's just a slower pace to go at.

**What do you raise on your farm:** Corn, beans, cows... a little bit of everything.

**Favorite movie:** I love old Westerns and sci-fi.

**Family:** Wife Ronessa, nine-year-old daughter, one-year-old son, my mom and dad, a brother and aunts. I've got a whole family that lives within a quarter-mile; every one knows what the other one does when the car starts.

**If you won \$1 million tomorrow, what would you do with it:** I have a few bills I could pay. I'd definitely try to have to buy more ground, because it's a typical farm where you're thinking of more when you can barely keep up with what you've got. I'd also like to see a lot of things done in the community.

**Favorite song:**  
Anything Chris LeDoux sings.

**Hobbies and interest:** Whatever my wife is into that day. She's super creative, so it's usually a pretty good idea whatever she's doing that day, so I just roll with it (and) try to keep up.

**Something you hope to do within five years:** I'd like to see Ash Grove grow and get more people, because it's a great little area; a good life out here.
