

# I Am Greene County

**Hometown:**  
Rogersville.

**What do you enjoy most about owning Little Rascal's:** The selection we get to offer people with the low prices, and when they come in, as they're checking out, they say they love our store because they find such great prices.

**Family:**  
Husband and four-year old daughter, Adilynn.

**If you could go anywhere, it would be:** The beach.

**Why did you decide to open Little Rascal's:**  
To offer the people great prices and great

**Favorite activity on the weekend:**  
Play with my daughter and go to the park.

**Best advice ever received:**  
Leave it in God's hands.

**Education:** Spokane High School and Midwest Technical Institute (licensed cosmetologist).

**Favorite color:** Pink.

**If I won \$1 million tomorrow, I would:**  
Buy my parents a house, pay off debt and put money towards my daughter's college.

**The new name of Little Rascal's after October will be:** Leigh-Anne's Closet.

**What is the future of Little Rascal's:**  
We started out as consignment and we started out as just kid's (clothing). Then we expanded to adult items, and we want this place to look like more than just a thrift store. We want it to look like an upscale, resale/boutique. We're hoping to get better items, more selection, still keep our low prices, and just look better.
